Certified C Developer | CCD

Introduction to the Course

- **C** programming has become the most popular programming languages in today's world. This is simply because of its wide range of its applications, starting from **Game Development**, **Graphical User Interface (GUI) Development**, etc.

- **C** programming, is a great programming language for people who have started programming. This is because of the simple syntax of **C**. It being a high-level language, its syntax is much like the English language, so that anyone can understand what the software written in **C** does.

- The **Certified C Developer | CCD** course organised by **IEMLabs** goes step-by-step into **C Development** methodologies. After the completion of this course the students will be able to develop **C** programs successfully. Maximum companies all over the world recruit **C Developers** in their companies. Even **Google** recruits **C Developers**, giving them a good salary package.

- Overall, you will have a good fundamental base on how **C** works and will be able to code complex programming problems in **C**.

- The training sessions will be conducted by our industry experts who have been working in this field for the last 8-10 years. Using this certification credential students will be able to apply for **C Developer** and related job roles.

Why to choose IEMLabs?

What makes this course much more exciting is that we provide **hands - on training** procedure through projects and practical based classes throughout the entire curriculum of the course.

We at **IEMLabs** provide both **Online** (through platforms like "*Google Hangout Meet*", "*Go to Meeting*", "*Zoom", etc)* and **Offline** mode classes. The most beneficial point for a student to get trained by **IEMLabs** is "**One Year Lab Access**", i.e. every student from the date of admission will have access to our "**Online Virtual Lab**" for practising and getting all notes, pre-recorded videos and tools according to their course for one year absolutely free of cost.

About the Course

Course Type - **Basic**

Eligibility Criteria: -

- **No basic knowledge is required.**
- **Minimum System Configuration Required: -**
  - **Intel i5 processor**
  - **8gb Ram**
  - **1tb Hard disk**

Batch Size - **5 students maximum**.

Course Duration - **40 hours** i.e. **2 classes every week**.

Course Fee: -

- **Online: 11000 INR + 18% GST**
- **Offline: 10000 INR + 18% GST**

Training Location: -

- **Offline - Kolkata**
- **Online - Any**

Gradation System of IEMLabs

- **E Excellent (90% - 100% Marks)**
- **A+ Very Good (80% - 89% Marks)**
- **A Good (70% - 79% Marks)**
- **B+ Average (60% - 69% Marks)**
- **B Fair (50% - 59% Marks)**
- **C Fail (Below 50% Marks)**

Course Content

- Module - 1: Introduction to C Programming
- Module - 2: Decision Making Statements
- Module - 3: Switch Case
- Module - 4: Different Types of Loops
- Module - 5: Functions in C
- Module - 6: Arrays
- Module - 7: Strings
- Module - 8: Structures and Unions
- Module - 9: Pointers
- Module - 10: File Handling
- Module - 11: Storage Classes
- Module - 12: Project

Frequently asked questions (FAQ's)
