# INTRODUCTION TO THE COURSE

The field of information technology has witnessed phenomenal growth over the last decade. However, there has also been an appalling rise in the rate of cybercrime in the software world. Hence, the need for cybersecurity in today's world is also growing. This is why IEM Labs brings you this Ethical Hacking and Cybersecurity Training Program in the US, wherein you will be trained on all the fundamental concepts of Ethical Hacking and Cybersecurity.

IEM Labs is an ISO 27001 and ISO 9001 certified training center. It also is a proud member of NASSCOM and EC Council. We have been training students in various IT fields since our foundation stone was laid in 2016. Our top-ranking teachers and the interactive mode of teaching have contributed to the remarkable success of our students. Thus, IEM Labs brings this Summer/Winter training program on Ethical Hacking and Cybersecurity in America for benefitting those interested candidates who always try to learn something beyond their course curriculum.
